## Profile

I am an aspiring frontend developer and UI/UX designer actively seeking internship and junior role opportunities. Proficient in HTML, CSS, JavaScript, ReactJS, and user-centered design principles, I aim to contribute to and grow within dynamic teams. My goal is to apply my diverse skill set to practical projects, enhancing user experiences and gaining valuable industry experience

## Education

**Diploma in Full-stack Javascript,**
*Gomycode* ⬈
July 2023 – December 2023
Lagos, Nigeria
This program taught me how to build and maintain websites, covering HTML, CSS, JavaScript, and full-stack development. I was able to gain practical skills through projects and prepare for tech roles like web development. The course includes essential programming languages and both front-end and back-end technologies.

## Certificates

- Full-stack Javascript Bootcamp ⬈

## Professional Experience

**Frontend Intern,** *Veet* ⬈
January 2024 – April 2024 | Nigeria

- Implemented user interfaces using HTML, CSS, and JavaScript, ensuring designs were responsive and visually appealing.
- Worked with designers and backend developers to integrate front-end components with backend services.
- Conducted testing and provided feedback for improvements.
- Gained hands-on experience in front-end development and exposure to industry best practices.
- Had opportunities for skill development under the guidance of experienced mentors.

## Projects

**RentUp,** *a user-friendly website designed to help users discover new and featured properties available for rent in their local city. Whether you're looking to move or just curious about what's available.* ⬈

**Netflix,** *a streaming service that provides a wide range of TV shows, movies, and documentaries on internet-connected devices, with new content added weekly .* ⬈

**Bittanto,** *This is a creative website that assist individuals in building resumes and CV's for free and very seamless.* ⬈
